

Nano-UV Wand works on food to kill E. coli and salmonella.

Kills dust mites, lice and flea eggs in pillows, bedding and carpet.

## Kills 99.99% of bacteria and viruses in 10 seconds—dust mites, too!

Stop the spread of infectious diseases—from the common cold and flu viruses to deadly E. coli and Asian bird flu—with a Nano-UV Disinfection Scanner. Proven effective by independent testing laboratories, these devices use Nano-UV light to destroy all kinds of microorganisms without toxins or side effects. They also reduce dust mite populations in mattresses, pillows and carpets at home or away. Simply pass the scanner over any area for 10 seconds and you're done. Use it anywhere! Scanner is 3 $\frac{3}{4}$ "H x 1 $\frac{3}{4}$ "W x 1"D and includes two AAA batteries. Nano-UV Wand is 14"L (opens to 22") x 1 $\frac{1}{2}$ "W x 1 $\frac{1}{2}$ "D and includes a rechargeable battery and child safety lock.
